

Deep Disinfection for Schools

BREEZY BLUE™ IS AN AUTOMATED WHOLE-ROOM DISINFECTING SYSTEM

Delivers >99.99% reduction of germs and viruses in classrooms as part of regular janitorial services—helping ensure a clean, safe environment for students and staff.

COMPATIBLE WITH CLASSROOM & PRESCHOOL MATERIALS

Whole-room dry fog reaches all surfaces and is suitable for use around papers, electronics, and classroom materials.

HEALTHIER CLASSROOMS, FEWER ABSENCES

Disinfection with Breezy Blue™ helps reduce illness transmission—supporting fewer absences and nurse visits.

Rooms can be safely re-entered 15 minutes after fogging, with no residue and no noticeable odor.
